Born 30- 06- 1951

I am educated as a teacher with wood, metal, craft & design as main subjects in 1974.
Worked with willow & weaving since 1984.

I have created an international willow centre at Vissinggaard near Braedstrup in Denmark. Since 1989 numerous basketry courses have been held here with teachers from all over Europe, several international symposiums with themes on basketry and willow work have been held, as well as " Big Willow and basketry Day, a professional 2-day get-to-gether for basket makers and artists combined with a public basketry craft fair with stalls and exhibitions. This event has been held 6 times. I have participated in the exhibitions and stalls at each of these events.

During the past few years I have participated in the following exhibitions:
